

Board Administration and Regulatory Coordination Unit

Division 3. Air Resources Board

Chapter 9. Off-Road Vehicles and Engines Pollution Control Devices

Article 5. Portable Engine and Equipment Registration

§ 2459. Notification.

(a) Except as listed in sub-section (f) of this section, if a registered portable engine or equipment unit will be in a district for more than five days, the owner or operator or renter (except as noted in (c) below), shall notify the district in writing, via facsimile, or by telephone, within two working days of commencing operations in that district. The notification shall include all of the following:

- (1) the registration number of the portable engine or equipment unit;
- (2) the name and phone number of a contact person with information concerning the locations where the portable engine or equipment unit will be operated within the district; and
- (3) estimated time the portable engine or equipment unit will be located in the district.

(b) If the district has not been notified as required in paragraph (a), because the owner or operator did not expect the duration of operation in the district to trigger the notification requirement, the owner or operator or renter (except as noted in (c) below), shall notify the district within 12 hours of determining the portable engine or equipment unit will be operating in the district more than five days.

(c) Except as listed in sub-section (f) of this section, owners and operators of registered portable engines rated less than 200 brake horsepower and designated by the Executive Officer for rental use by a rental business are not subject to notification requirements.

(d) Owners and operators of TSE are not subject to notification requirements.

(e) Except as listed in sub-section (f) of this section, owners and operators of registered portable engines or equipment units moving from one location to another location within the boundaries of the designated "home" district are not subject to notification requirements, providing the home district is identified at the time of registration.

(f) For STW projects, the owner and/or operator of such equipment must notify the corresponding onshore district in writing, via facsimile, or by telephone, at least 14 days in advance of commencing operations in that district. The notification shall include all of the following:

- (1) the registration number of the portable engine(s) or equipment unit(s);
- (2) the name and phone number of a contact person with information concerning the locations where the portable engine(s) or equipment unit(s) will be operated within the district;
- (3) estimated time the portable engine(s) or equipment unit(s) will be located in the district; and
- (4) estimation of actual emissions expected for the project.
